ANTIQUE PERIOD REPLACEMENT COST: \$2,100.00

INTENDED USE: INSURANCE

The Jewellery Valuation Centre have been engaged to provide an independent valuation report on jewellery the client wishes to list on their schedule of Insurance.

The value is the estimated cost to replace it in the market where an item of this type and quality most commonly sells in New Zealand. As insurance replacement is done through retail jewellers, in all cases the most appropriate retail market for the subject item is chosen.

For the owner this report provides a thorough description and photographic evidence so as in the event of loss an equivalent item can be priced and sourced. The values include an allowance for inflation in the coming year. The valuation is valid for a one year period and should then be updated.

BASIS OF VALUE

The following bases of value have been used in this report:

ANTIQUE PERIOD REPLACEMENT COST

As the valuer cannot identify a new equivalent item for sale, this is the estimated cost to replace on the antique retail market with a similar article of equivalent quality in restored condition. This will only be used on articles that would be considered antique or of a distinct 20th Century period such as Art Nouveau or Art Deco.

ECONOMIC FACTORS

Economic Factors that are effective at the valuation date are:

USD:NZD \$0.590

PLATINUM NZD/OZ \$1623

SILVER NZD/OZ \$52

GOLD NZD/OZ \$4496

PALLADIUM NZD/OZ \$1701

LIMITING CONDITIONS

This report is provided subject to the following terms and conditions;

The item specifications noted in the report are the professional opinion of the valuer using standard gem and precious metal testing. Unless stated otherwise, all gems have been tested and graded in the setting. No part of the valuing process is destructive to the article. We accept no responsibility for any future damage or future loss of parts or all of the item.

Some gemstones may be treated to improve their colour and/or clarity. These treatments usually require advance gemological laboratory testing to identify and quantify, which is beyond the scope of this report. If you are concerned about gem treatments please contact me for specific advice.
